

Endorsing a HECM Case

FHA-approved lenders may submit a request for FHA mortgage insurance for a Home Equity Conversion Mortgage (HECM) direct endorsement (DE) case using **HECM Insurance Application**. HECM (or reverse) mortgages are loans against homes owned by homeowners 62 years of age or older that convert home equity into monthly streams of income and/or a line of credit to be repaid when the home is no longer occupied.

Note: For more information about HECM loans, including access to the **HECM Calculator Software**, go to: https://www.hud.gov/program_offices/housing/sfh/hecm/hecmhome. Additional information is also available in the following Mortgagee Letters:

The **HECM Insurance Application** function on the FHA Connection (**Figure 1**) is used to request mortgage insurance for a HECM case and to add or update case information as needed prior to endorsement. It is used to process all of the HECM case types—*traditional*, *purchase*, and *refinance*. In a HECM *traditional* case, the equity in the homeowner’s current property is used to secure the reverse mortgage. In a HECM *purchase* case, the mortgagor purchases a new principal residence with HECM (reverse) loan proceeds, and, at the time of closing, the first and second liens (initial purchase and HECM, respectively) are the only liens against the property. A HECM *refinance* case is the refinance of an existing HECM with a new HECM for the same borrower and same property with different loan specifications.

HECM Insurance Application Processing

This section begins with the basic steps for processing the FHA Connection online HECM Insurance Application form, followed by sections with detailed illustration on completing each section of the form.

Key Steps in Using HECM Insurance Application on the FHA Connection

Follow these basic steps to process **HECM Insurance Application**:

1. Access **HECM Insurance Application** after sign on by following the menu path: **Single Family FHA > Single Family Origination > Case Processing > HECM Insurance Application**. The FHA Connection menu path appears as a “breadcrumb trail” in the red banner at the top of each function page.
2. On the **HECM Insurance Application** page (Figure 2), enter the case number in the **FHA Case Number** field.

Figure 2: HECM Insurance Application query page

3. Successful entry of the case number opens the **HECM Insurance Application Update** page in which to enter or update case information. Data entry on this very detailed page is done using multiple resources found in the case binder.

Note: The information entered on the **HECM Insurance Application Update** page is validated against numerous official sources. Entry of incorrect or invalid data or failure to supply information

required for the loan type may result in a denial of insurance with the binder returned to the lender by HUD.

4. To assist you with (a) locating the requisite case binder information to enter on **HECM Insurance Application Update** and (b) processing the FHA Connection's online **HECM Insurance Application** form itself, refer to the following sections of this module: **General Information**, **Worksheet Information**, **Borrower Information**, and **Mortgage Information**. Each section provides processing tips followed by mapping illustrations of the inputs from the key case binder resources (other resources are referenced in each section as appropriate):

- *HUD Addendum to Uniform Residential Loan Application – form HUD-92900-A*
- *Residential Loan Application for Reverse Mortgages – Fannie Mae form 1009*
- *Demographic Information Addendum to URLA - Freddie Mac form 65, Fannie Mae form 1003*

For additional data entry assistance, refer to **HECM Insurance Application Help (Steps for Processing and Field Descriptions)**. Click **Help Links ?** at the upper right of the **HECM Insurance Application Update** page (**Figure 3**).

Successful processing of the **HECM Insurance Application Update** page and subsequent endorsement results in issuance of the Mortgage Insurance Certificate (MIC) (**Figure 8a**). View the MIC using **Mortgage Insurance Certificate** on the Single Family Origination **Case Processing** menu.

or,

If the case is not endorsed, a NOR is issued (**Figure 8b**). Use **Notice of Return** (on the Single Family Origination **Case Processing** menu) to view and print the NOR.

For more information, refer to the **HECM Insurance Application Results (MIC or NOR)** section at the end of this module.

- background on updating *view-only information* entered during case number assignment, and
- instructions on how to change a Home Equity Conversion Mortgage (HECM) case to a non-HECM case or a non-HECM case to a HECM case.

Note: the **ADP Code** cannot be changed to a forward (non-HECM) case if the case was not initially established as such (or vice versa).

Processing Tips for the Borrower Information Section (Figure 5)

Tips include:

- If the borrower’s/coborrower’s or non-borrowing spouse’s **Name**, **SSN**, and/or **Date of Birth** are added or updated, the **HECM Insurance Application** process validates the new identification information overnight with the Social Security Administration (SSA). The following message is displayed on the Update and/or Results page: *Warning: Pending Borrower Validation; Check Holds Tracking Next Business Day.*
- **Important:** Check **Holds Tracking** the next business day to determine the status of the borrower validation. If the borrower validation fails, the case cannot be endorsed for FHA insurance without Homeownership Center (HOC) acknowledgment of the warning.

See **HECM Insurance Application WINK (Completing the Insurance Application, Tips for Changing Borrower Information)** for details.

Mapping of the HUD form sources for completing the **Borrower Information** fields appears in the **Case Binder Sources for Entering Borrower Information** section that follows (Figures 5a-5b).

Figure 6: Mortgage Information section of HECM Insurance Application Update

Processing Tips for the Mortgage Information Section (Figure 6)

Tips include:

- **Date of Application** for traditional and purchase HECM loans, the date cannot be more than 90 calendar days prior to the date of HECM counseling. For refinance HECM cases, the date cannot be more than 90 calendar days prior to the date of case number assignment.
- **Disbursement Date** must be at least four business days but not more than 45 calendar days after the **Closing Date**.
- **Expected Rate (%)** can be 0 to 18.875 for mortgages assigned an FHA case number on/after 05/03/2021. Otherwise, for mortgages assigned an FHA case number prior to 05/03/2021, this rate can be .001 to 30.00.
- **Initial Principal Limit** is based upon the age of the youngest borrower (homeowner), expected average mortgage interest rate, and the **Maximum Claim Amount**. Incorrectly entering any of these items may result in an inaccurate principal limit.
- **Interest Rate (%)** must be equal to or greater than the Margin (up to 18.875) for mortgages assigned an FHA case number on/after 05/03/2021. Otherwise, for mortgages assigned an FHA case number prior to 05/03/2021, this rate can be .001 to 19.999.
- **Maximum Claim Amount** may be manually entered but must not exceed the system-calculated amount. Upfront mortgage insurance premium is based on this amount.
- **Property Value** for a HECM refinance may be less than the **Maximum Claim Amount** on the prior case (*effective August 3, 2007*).
- If the appraised value (**Property Value**) of a refinance HECM case is lower than the **Property Value** of the original HECM case, the upfront mortgage insurance premium (UFMIP) for the refinance case is zero; however, a refund is not issued for any remaining available UFMIP on the original HECM case.
- *Single Disbursement Lump Sum* cannot be selected as the **Payment Plan** option for cases assigned prior to September 30, 2013.

- If the sum of **Mandatory Obligations (Does not include cash)** (includes **Repair Set Aside** and **Taxes/Insurance 1st Yr Payments**) and **Additional 10% of IPL Usage Amount** is more than 60% of **Initial Principal Limit**, the **MIP Factor** must be 2.5%; otherwise, the **MIP Factor** is 0.5%.
- The amount entered for **Net LESA** must be the Life Expectancy Set Aside (LESA) minus **Taxes/Insurance 1st Yr Payments**.

Mapping of the HUD form sources for completing the **Mortgage Information** fields appears in the **Case Binder Sources for Entering Mortgage Information** section that follows (**Figures 6a-6b**).

Flood Insurance Information Section

The **Flood Insurance Information** section of **HECM Insurance Application Update** appears in **Figure 7**, followed by some processing tips.

The screenshot shows the 'Flood Insurance Information' section of a software application. It contains several input fields and radio buttons. At the top, there are two questions with radio buttons for 'Yes' and 'No': 'Is property improvement in a Special Flood Hazard Area (Zones with "A" or "V")?' and 'Do you have a LOMA, LOMR or Elevation Cert that indicates the property improvements are not in a SFHA?'. Below these is a dropdown menu for 'Insurance Type' with 'No insurance' selected. The form is divided into two columns. The left column has fields for 'NFIP Flood Insurance Building Coverage: \$' (with a value of .00), 'NFIP Flood Insurance Company:', 'NFIP Flood Insurance Policy Number:', 'PFI Flood Insurance Building Coverage: \$' (with a value of .00), 'PFI Flood Insurance Company:', and 'PFI Flood Insurance Policy Number:'.  - **Zone Z** refers to an area of unknown flood hazard.
- For properties within a Special Flood Hazard Area, you must have one of the following:

Figure 9: Subsection of the HECM Insurance Application Endorsement Information

After a case is submitted for endorsement, lenders may use the **MIC/NOR List** (**Figure 10a**) function on the **Case Processing** menu to retrieve a list of their cases that were either:

- a. endorsed and issued a MIC (**Figure 10b**), or
- b. not endorsed and issued a NOR (**Figure 10c**)

From the retrieved list, the lender can view and/or print the MIC or NOR.

Note: For more information on **MIC/NOR List** and resolving a NOR, refer to:

- **HECM Insurance Application WINK** (*HECM Insurance Application – Accepted or Rejected, Retrieving Mortgage Insurance Certificate (MIC), or Resolving a Notice of Return (NOR)*)
- **MIC/NOR List Help** (*Business Background and Steps for Processing*)

The electronic MIC serves as evidence of FHA insurance of the mortgage loan. HUD issues the NOR to indicate that a mortgage loan cannot be endorsed for FHA insurance; the reason(s) for nonendorsement are provided. The case binder (closing package) is returned to the originator or sponsor/agent of the loan. The lender may address the NOR by resolving the noted problems, updating case information, and resubmitting the case binder for reconsideration and possible endorsement.
