

Mortgage Record Changes

The **Mortgage Record Changes** menu on the FHA Connection provides options for reporting a change in an FHA case to HUD, including a servicer and/or holder change, mortgage assumption (borrower change), FHA mortgage insurance termination, discontinuance of monthly mortgage insurance premium payments, or loan modification.

Changes are made immediately and can be verified using **Lender Query by Case Number**. (For further information, see the **Lender Query by Case Number** module of this *FHA Connection Guide*.) To report a change or undo a change reported in error, see **Contacts for Changes to FHA Insured Case Data** on the HUD.GOV website at: https://www.hud.gov/program_offices/housing/comp/premiums/sfdqrep.

Note: Lenders can also report changes through Electronic Data Interchange (EDI) or FHA Connection Business to Government (FHAC B2G).

- **Getting to the Mortgage Record Changes Menu**
- **Reporting a Servicer and/or Holder Change (Transfer)**
- **Reporting a Mortgage Assumption (Borrower Change)**

After that, only the current holder can report a holder change. To report a change in the servicing and/or holding lender of an active FHA case, follow the instructions below for changes to a single case or multiple cases.

Reporting Servicer/Holder Change for a Single Case

1. On the **Mortgage Record Changes** menu (**Figure 1**), click **Servicer / Holder Transfer (HUD Form 92080)**. The Servicer/Holder Transfer (HUD Form 92080) page appears (**Figure 2**).

 - Only the first 5-digits of the lender's 10-digit FHA ID are required. To report a change in both the servicing and holding lenders, complete the **New Holding Mortgagee** and **New Servicing Mortgagee** fields.
 - For a terminated case, a transfer can only be recorded if the **Transfer Date** precedes the termination date.

Reporting Servicer/Holder Changes for Multiple Cases

Bulk Servicer/Holder Transfer can be used to report servicer and/or holder changes for up to 65,000 cases. A spreadsheet is created in Microsoft® Excel and saved as a .CSV (MS-DOS) file. Then, the file is uploaded to HUD’s server and processed via the FHA Connection. Lastly, the results are reviewed and if there are errors, the .CSV file with the details of the errors can be downloaded.

Create a Spreadsheet

1. Create a Microsoft® Excel spreadsheet containing a list of the cases for which a change occurred using this format:

	FHA Case Number 11 characters (including the dash "-")	Mortgage Amount 7 digits max (no comma, dollar sign, or decimal point)	New Servicer 5 digits (first five digits of the lender’s FHA ID)	New Holder 5 digits (first five digits of the lender’s FHA ID)	Transfer Date mm/dd/yyyy format

3	123-1234567	275189		55555	02/04/2013	

2. Save the spreadsheet as a .CSV (MS-DOS) file. Note: Only one Excel sheet can be used with this file format.

Upload and Process the Spreadsheet File

1. On the **Mortgage Record Changes** menu (Figure 1), click **Servicer / Holder Transfer with CSV File**. The Bulk Servicer/Holder Transfer page appears (Figure 3).

Terminating FHA Mortgage Insurance

FHA insurance on a mortgage (case) is automatically terminated when the mortgage reaches maturity. However, the lender can terminate the insurance using one of the following types of terminations:

- Prepayment (Term Type 11): Borrower paid the loan in full before the maturity date.
- Non-conveyance Foreclosure (Term Type 13): The property was acquired by a lender or third party at a foreclosure sale or was redeemed after foreclosure and no insurance claim will be submitted to HUD.
- Voluntary Termination (Term Type 21): Both the lender and borrower agreed to voluntarily terminate FHA insurance.

Termination of a case must be reported to HUD within 15 days of the actual event. Only the current servicer or holder HUD has on record for the case can terminate the FHA insurance.

Here are a few caveats:

- **DO NOT terminate insurance on the old FHA case when refinancing the mortgage and the new case will also be FHA insured.** When the new case is processed for FHA insurance, the old case is automatically terminated.
- **DO NOT terminate insurance on the case when it is transferred to another servicer or holder.** Instead, process a **Servicer/Holder Transfer (HUD Form 92080)**.
- For eligible cases with a closing date after 12/31/2000 and a case number assignment date before June 3, 2013, **DO NOT terminate insurance on the case if the monthly premiums are paid up before schedule.** Instead, process a **Monthly MIP Cancellation**. (For more information, see the **FHA Single Family Housing Policy Handbook (Handbook 4000.1)**.)

To report termination of FHA mortgage insurance for a single case or multiple cases, follow the instructions below.

Reporting Termination of FHA Mortgage Insurance for Multiple Cases

Bulk Termination can be used to report termination of FHA mortgage insurance for up to 65,000 cases. A spreadsheet is created in Microsoft® Excel and saved as a .CSV (MS-DOS) file. Then, the file is uploaded to HUD's server and processed via the FHA Connection. Lastly, the results are reviewed and if there are errors, the .CSV file with the details of the errors can be downloaded.

Discontinuing Monthly Premium Payments

If the monthly mortgage insurance premiums are paid up for an FHA case before schedule (i.e., accelerated payments were made and the unpaid principal balance is 78% or less), the month and year the last monthly insurance premium is assessed (final bill date) can be changed using **Monthly MIP Cancellation**. However, **Monthly MIP Cancellation** can only be used for active risk-based cases that have a closing date after December 31, 2000 and a case number assignment date before June 3, 2013 and meet the eligibility requirements. (For more information, see the **FHA Single Family Housing Policy Handbook** (Handbook 4000.1).)

Note: For all other cases, use **Insurance Termination (HUD Form 27050-A)**, Prepayment (Term Type 11) **if the mortgage is paid in full before the maturity date.**

The current servicer or holder HUD has on record for the mortgage (FHA case) can change the final bill date as follows:

1. On the **Mortgage Record Changes** menu (Figure 1), click **Monthly MIP Cancellation**. The Monthly MIP Cancellation page appears (Figure 12).

Reporting a Non-incentivized Loan Modification

A servicer can collect an incentive payment if a claim is filed within 60 days of the execution date of a loan modification. However, the servicer may miss the 60-day deadline or fail to file a claim for the incentive payment. The FHA Connection's **Loan Modification (Non-Incentivized) Transaction** allows the servicer to report to HUD the modification of an FHA-insured mortgage in a timely manner. The modified terms and conditions of the mortgage provide HUD with a more accurate view of the active insured case.

1. On the **Mortgage Record Changes** menu (Figure 1), click **Loan Modification (Non-Incentivized)**. The Loan Modification (Non-Incentivized) page appears (Figure 15).
